EDUCATION

M.Sc.: Civil Engineering- Structure

Islamic Azad University of Bandar-Abbas, Bandar-Abbas, Iran, September 2003-September 2006

Dissertation Title: Effect of earthquake loads on special steel truss beam with long span

Supervisors: prof. Dr. Massod Dehkani

Assist supervisor: Prof. Dr. S. Mehdi Zahrai (mzahrai@ut.ac.ir)

GPA 15.65 out of 20

B.Sc.: Civil Engineering- Civil

University of Hormozgan, Hormozgan, Bandar-Abbas, Iran, September 1993 -March 1999

Dissertation Title: Analysis of Dynamic Load in concrete Structure

Supervisors: prof. Dr. Massod Dehkani

GPA 12.85 out of 20

Pre-college: Mathematic & Physics

Aben Sina high school for talent, Bandar Abbas, Iran, 1987-1991

GPA 16.20 out of 20

Work Experience

1- Industrial Experience

1.1. Official Experience

✚ Telecommunications Corporation of Hormozgan, Civil & Construction Department, Hormozgan, Bandar Abbas, Iran, *June 19, 2005 to May 09, 2010*

✓ **Engineer and person in charge of Project Designing Coordinating manager**

- Conduct more 25 persons associate project estimate and design. (engineer, Secretary, Draftsman, Archivist, Designer, etc.)
- Provide around 80 communication project schedule.
- Attendance to ISO 9001-2008 class.
- Provide reporting form according to ISO and contractor delay.
- Provide reporting form according to performance project in each part.

- Refinement of reporting form and adapting with primary schedule.
- Organized over 100 civil project cases according to ISO 9001-2008.
- Investigated civil project time feedback for minimize construction time.
- Continue design of maintenance and repair period civil construction (MRPCC)
- Prepare and submit annual maintenance and repair checklist civil construction
- Prepare and submit annual maintenance and repair checklist road construction.
- Establish basic and advanced Autocad class.
- High supervisor in sport clubs and road construction.
- Report to deputy and manger.

✚ Telecommunications Corporation of Hormozgan, Civil & Construction department, Hormozgan, Bandar Abbas, Iran, **July 11, 2004 to June 18, 2005**

✓ **Project Designing, Calculating and Coordinating Engineer.**

- Mechanize civil projects estimate in civil & construction department.
- Cost estimate over 100 civil projects for tender with relevant software.
- Drawing over 45 civil construction with Autocad
- Provide Private Profile projects for contract.
- Design of civil project with software such as ETABS and SAP.
- Design of base and foundation of building with SAFE.
- Estimate time of project with Microsoft Project.
- Provide report form inter-department.
- Start designing of maintenance and repair period software civil construction.
- Provide document to contract with Microsoft Office.
- Supervisor in pool construction and sport club construction.
- Checking contractor's financial performance and amendment.
- Design of form and table according to engineering report.
- Report to deputy and manger.

✚ Telecommunications Corporation of Hormozgan, Civil & Construction department, Hormozgan, Bandar Abbas, Iran, **November 05, 2003 to July 10, 2004**

✓ **Surveying and Estimation Engineer.**

- Survey over 60 construction sites for following contract.
- Survey over 4 construction roads for following contract.(10KM, 14.5KM,30KM,8KM,2.8KM)
- Survey over 25 civil projects under construction.
- Survey over 5 construction roads under construction.
- Provide topography plan of 80 sites approximately.
- Provide survey plan with SDRmap and Autocad software.
- Supervisor and assist supervisor in road construction.
- Supervisor 6 infrastructure construction.
- Checking contractor's financial performance and amendment.
- Report to manager and boss.

✚ Telecommunications Corporation of Hormozgan, Civil & Construction department, Hormozgan, Bandar Abbas, Iran, **June 17, 2000 to November 04, 2003**

✓ **supervisor**

- Supervisor around 6 building construction.

- Supervisor 2 road construction.
- Checking contractor's financial performance and amendment.
- Report to manager and boss.

✚ Ports and Shipping Organization, Department of Ports and Shipping, civil & technical division, maintenance and repair construction and ports. **March 30, 1999 to June 17, 2000**(www. <http://shahidrajaeport.pmo.ir>)

✓ **Higher supervisor**

- Periodic visits of ports and construction.
- Supervisor of maintenance projects of ports and relevant construction.
- Checkup consumption materials in maintenance projects in ports.
- Control annual maintenance of ports and relevant building.
- Provide report form for repair and maintenance work.
- Assist programmer for writing maintenance periodic program ports.
- Provide influence variable on ports performance.
- Report to manger and boss.

1.2 Non-Official Experience

- Analysis and design over 50 building 4th stories until 20th stories.
- Supervisor over 90 residential apartments.
- Estimate cast finance over 60 residential and nonresidential projects.
- High supervisor sport stadium of Hormozegan (20000 seats)
- Control human and financial resource on developing of Hormozegan sport stadium (20000 seats)
- Attendances to mitting with manager, boss and staff of Hormozegan sport stadium.
- Developing report to manager and boss (Hormozegan sport stadium).
- High supervisor 2 open sports land.
- High supervisor 3 Multi-purpose sports saloon.
- Attendance meeting associate with Construction Engineers Organization of Hormozgan.
- Report to Construction Engineers Organization of Hormozgan.

2- Academic Experience

Lecturer

Islamic Azad University of Qeshm, Hormozgan, Iran (Sep. 2008 - Sep 2009)

- Lecture/teach the course(s) assigned
- Laboratory's course and experiments supervision
- Set and mark term and trial examination script
- Writing student term report
- Invigilate examinations
- Student's final year project supervision and counsel student on appropriate/academic direction on completion of their course
- Attend staff meeting

- Coordinator for civil courses and assist in administrative and teaching duties related to civil and computer engineering department.

3- Curt Official Expert in Civil Engineering

- Investigating over of 100 projects in court official of Hormozgan

Skills and Achievement

Simulation Tools: MATLAB

Engineering Software: ETABS, SAFE, SAP, ANSYS, SDRmap

Applications: Microsoft Office, Auto Cad, SolidWorks, Microsoft project

Operation Systems: Windows

Certificate Achievement:

- Design criteria for masonry buildings and retrofitting.
- New technologies and building materials.
- Industrial production methods for building.
- Implementation methods and control joints in steel structures.
- Retrofitting of concrete and steel structures.
- Retrofitting grounds and building foundation.
- Designed with mapping software SDRmap.
- Advanced course for application software SAP, ETABS, SAFE.
- Certificate in lecturer advanced Autocad software.
- Certificate in bahasa language.
- Certificate in English language proficiency module with band 4 of 5

Publications

Journals

A. H. Gholami, M. Dehkani, S. M. Zahrai, "New method for Analysis and designing of truss beam against Dynamic loads". Journal of Civil Engineering Firdausi University Iran

A. H. Gholami. K; M.F.M.Zain; M. Jamil; "Autonomic and Autogenic Crack Healing Approaches in Cementitious Materials" composites structures journal (on-going)

Membership

- ✓ Member of Construction Engineers Organization of Hormozgan.
- ✓ Member of Curt Official Expert of Hormozgan(on-going).
